washrooms

vitality

A fully framed, time proven solution for even the most demanding leisure centres and swimming pools.

vitality

A fully framed cubicle system combining stress resistant aluminium profiles, aerospace grade aluminium bronze and stainless steel. Able to withstand continuous use in aggressive environments, providing years of trouble free operation. The polyester coated aluminium extrusions create a fully framed system supporting solid grade laminate panels that are impervious to water and are extremely resistant.

A unique hinge prevents little fingers from being trapped and the door is supported on a single aluminium bronze bearing capable of outlasting the life of the cubicle. Anti-tamper stainless steel fixings prevent unsightly 'rust staining' and prevent vandalism.

Features

- Suitable for wet and dry environments
- Vandal resistant
- Wide choice of colours
- No sight lines between doors and pilasters

Options

Alternative overall height

Shower curtains and rails

Alternative ground clearance

Anti-peep rails to top of cubicle

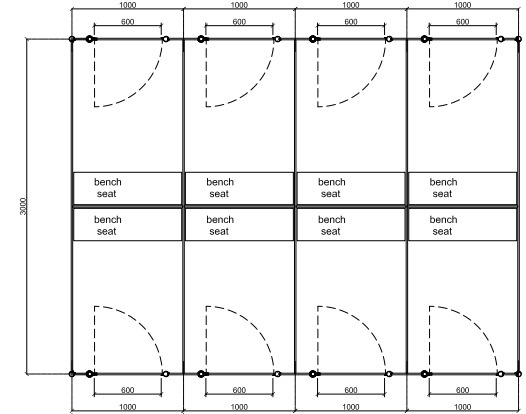

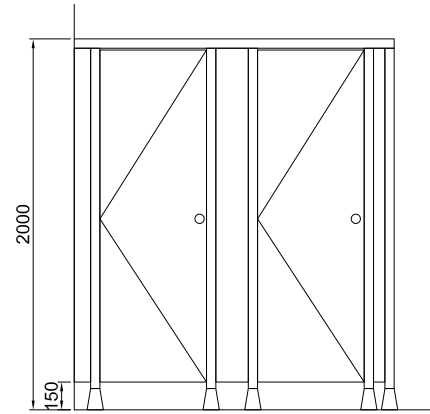

Note:All items can be supplied nationally on a supply only or supply and install basis. Installation is carried out by our fully qualified installation team.

Vitality cubicles can be supplied to comply with the latest Building Regulations Part M & Disability Discrimination Act (DDA).
